intercourse with persons suffering from plague or living in infected areas, & whether prior to the maity's death the bungalow was in the occupation of persons from such areas and if so who and from what place.

3. In reply the Dy. Commr. in the letter cited above reports that the maity was living with his family in one of the outhouses of the bungalow, that his wife was the licensee of an arrack shop located in the Yelwal village which had become infected since the 10th Septr. 1901, that the maity haing been ill for 5 or 6 days was found dead in the bath room of the bungalow on the morning of the 17th November 1901. From the above circumstances the Dy. Commr. infers that the maity should have cought the infection in the Yelwal village which is reported to have lost 60 persons from plague.

The Dy. Commr. further reports that the bungalow with all its outhouses has since been thoroughly disinfected and was closed to the public for 15 days.

Docket No. 8585-LB(P) 1153 dated the 5th December 1900 from the Secretary to the Government General and Revenue Departments, calling for a full report regarding the death from plague of the maity attached to the Traveller's Bungalow at Yelwal.

With reference to the above, has the honor to submit herewith for reference and obliging return Correspondence ending with the Mysore Taluk Amildar's report No. 447/535 dated 31st December 1901.

It will be seen from the above report that the Maisty, was living with his family in one of the out houses of the bungalow that his wife was the licensee of an arrack shop located in the Yelwal village which had become infected since the 10th September 1901, that the maisty was frequenting the said arrack shop, that the other bungalow servants resided in the Yelwal village and that the bungalow is close to the village. After having been ill for 5 or 6 days the maisty was found dead in the bath room of the bungalow on the morning of the 17th November 1901

It may therefore be safely inferred that the maisty caught the infection in the village which has lost 60 persons from plague.

The bungalow with all its out-houses has since been thoroughly disinfected and was closed to the public for 15 days a notice having been published in the Mysore Gazette.
